Odour:	Odourless
Anti-spatter power:	Very good
Silicone free	
CFC free	

PROPERTIES

- Not flammable
- Not Toxic
- Not Injurious
- CFC free
- Silicone free

DESCRIPTION

ANTITEK® is used to prevent the adhesion of the drosses and of the drops on the welded pieces and on the nozzle of the weld torches. ANTITEK® it is a new generation of anti spatter spray, water based and not harmful for the users.

Thanks to its selected raw materials, ANTITEK® permits the superficial successive treatments (painting, alvanizations, chromium-plating) because it doesn't contain silicone.

It has a concentrate formula so it has a very good anti's patter power. Thanks to its characteristics ANTITEK® is the new generation of the ecological anti spatters spray. it is biodegradable and it's not toxic or injurious for the user's health, and it is not inflammable.

INSTRUCTIONS OF USE

Shake well before use. Spray once in the air when the spray is new. Spray it around the mouth of the torch and over the metal to weld or to cut. Do not spray on the strips to be welded. Spray it at 25-30 cm distance from the pieces creating a film that avoids the adhesion of the spatters. Do not spray too much, and don't spray nearer than 25 cm. Do not spray an excessive quantity of product. Degrease the welded piece with detergents before proceeding with coating treatments.

STORAGE

Keep away from heat sources. Do not expose to temperatures exceeding 35°C. Protect from sunlight. The shelf life of the product is 10 months from production date indicated on the can.

PACKAGING

Spray Aerosol ml 500
Box 12/25 Aerosol
Product Code 10610/05K
Personalized size ml 400/500
